

Who wouldn't want to skate with the Pivotpoints?

The Pivotpoints are considering new options for the synchronized team this year. We would like to see the team continue this year in a capacity that best suits the skaters' needs.

■ Does an exhibition style team appeal to you? Such a team would possibly have only one practice per week. In addition to a limited competition schedule (1-2 competitions) in the Michigan area the skaters would have the option to perform at hockey games, shows, or other venues. This could be your opportunity to fit synchronized skating into your busy schedule.

■ Does a strictly competitive schedule, as in past years, meet your needs? This team would continue with 2 practices per week in addition to 4-5 competitions and a possible trip to Sectionals in North Dakota.

Join us on Monday, August 19 from 8-8:50 p.m. at the Midland Civic Arena to skate and explore the new possibilities!

Return the registration form with \$10 fee
(checks to **MFSC**) to:
